

Welcome to Talk'n'Save!

Dear Parents & Students,

We are proud that we have been chosen as the **exclusive provider of mobile communications** for school year 2010-11 by **Shirat Devorah**.

Founded in 1999, Talk'n'Save was the first telecommunications company in Israel to focus primarily on students. We are strategic partners with Cellcom, Israel's largest mobile phone provider, and that allows us to offer advanced services, competitive rates and robust call packages for all our long term students.

Over the years, we have served over **100,000 clients** and that experience translates into the best products and services for all our clients. This year, we will be serving over **90 schools** throughout Israel, thereby creating the largest student cell network in the country.
